Brief Description of Arguments to be Presented:

The originally filed specification explains that the writing process may be executed precedently over any other task (p. 22); and when more than one page is included in a print job, a request for printing a first page may be generated but the writing processes to HDD for the following pages are unprocessed.

An interview was conducted on the above-identified application on _____.

NOTE:

This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
